

The Third International Conference on Soft Computing and Data Mining

SCDM-2018
6th - 8th February 2018
Johor Baharu, Malaysia

Special Session on Advances of Data Stream Processing, Stream Mining and Its Applications

The aim of this session is therefore to draw a picture of the recent advances and challenges in data stream processing, stream mining and particularly, aims at soliciting contributions dealing with real-world applications.

Topics includes, but are not limited to:

- Measurement Processes using Data Streams
- Data Quality in Data Streams*
- Data Stream Processing
- Distributed Data Stream Models
- Big Data Stream
- Clustering for Data Stream Mining
- Classification for Data Stream Mining
- Regression for Data Stream Mining
- Frequent Itemset Mining
- Theoretical frameworks for distributed data stream mining
- Real Time Analytics
- Learning from Social Networks

Important Dates

Submission Deadline	30 th may 2017
Acceptance Notification	30 th August 2017
Submission of Final Paper	30 th September 2017
Authors Registration	30 th September 2017
SCDM 2018 Conference	6-8 February 2018

Paper Submission Policy

All authors confirm that the work is original, has not appeared in literature in any form in the past, and will not be submitted to any other venue concurrently with SCDM-2018 submission. The submitted paper must be camera-ready, not more than 10 pages long and formatted according to Advances in Intelligent Systems and Computing Paper Template. Please submit the papers in PDF format via online submission system: <https://easychair.org/conferences/?conf=scdm2018>. Templates: [Word](#) | [PDF](#) | [Latex](#).

Proceedings

Proceedings of SCDM 2018 will be published in the renowned series of "Advances in Intelligent Systems and Computing", volume 549 by Springer indexed by ISI, DBLP, Ulrich's, EI-Compendex, SCOPUS, Zentralblatt Math, MetaPress, Springerlink.
